

Equine Balancer | Pellets

NRM Equine Balancer has been formulated in conjunction with Kentucky Equine Research to provide a scientifically formulated feed to balance the diets of all horses.

Equine Balancer is a concentrated vitamin and mineral pellet suitable for horses that do not require the increased calorie intake provided by supplementary feed, but still require necessary vitamin and mineral intake for optimum good health.

Feeding Recommendation

NRM Equine Balancer can be fed alone or combined with a suitable fibre source. The following recommendations are for horses with a mature body weight of 500kg. Adjust intake according to needs based on breed, body weight, body condition, growth rate and available forage. Always provide at least 1.5% of the horse's body weight in good quality forage (pasture, hay, chaff) per day.

Always allow free access to fresh, clean water.

Feeding Rates

TYPE OF HORSE	FEED PER DAY
Foal, spelling horse, dry mare, pony	400gms
Horse in light work	600gms
Weanling, yearling, late pregnant mare, lactating mare, stallion, hard working horse, aged horse	800gms

NRM Equine Balancer is suitable for growing horses with 500kg mature body weight. Horses less than six months of age should be fed NRM Prepare.

Nutrient Composition per 1kg of NRM Equine Balancer (on an as fed basis)

Crude Protein	240g	Iodine	8mg
Lysine	17g	Cobalt	1.5mg
Methionine	3g	Vit A	65,000IU
Calcium	36g	Vit E	950IU
Phosphorus	20g	Vit D	6,500IU
Magnesium	7g	Vit K	33mg
Sodium	6g	Vit B1 (Thiamine)	45mg
Potassium	12g	Vit B2 (Riboflavin)	70mg
Chloride	11g	Vit B3 (Niacin)	220mg
Zinc	650mg	Vit B5 (Pantothenic acid)	100mg
Copper	250mg	Vit B6 (Pyridoxine)	25mg
Selenium	3.2mg	Vit B7 (Biotin)	750mcg
Manganese	500mg	Vit B9 (Folic acid)	20mg
Iron	600mg	Vit B12 (Cobalamin)	210mcg

Key Benefits and Features

- Contains concentrated vitamins and minerals required for optimum general health.
- An ideal supplement for overweight horses and ponies that do not require additional calories.
- Can also be added to a grain ration to meet requirements for essential vitamins and minerals.
- Contains natural vitamin E, which has superior bioavailability compared to synthetic sources.

Feed To Perform

Typical Analysis

(approximate on an as fed basis)

Crude Protein	24%
Fat	1.5%
Fibre (NDF)	18%
Moisture	12%
Digestible Energy	10MJ/kg

Equine Balancer | Pellets

Ingredients

Steam flaked barley, steam flaked maize, steam flaked oats, grain by-products, vegetable protein meal, molasses, lucerne chaff, vegetable oil, KER vitamin and mineral pre-mix, amino acids, minerals and salts, mould inhibitor, apple flavour.

Storage

Feed To Perform

NRM Sport & Leisure Horse Feed Range

A range of feeds providing essential ingredients for your horse's well-being.

Developed in partnership with Kentucky Equine Research (KER) and proudly manufactured in New Zealand, NRM feeds are unique blends of nutrients and quality products to optimise the health and performance of your horse.

There is an NRM feed to match the diverse needs of horses through every stage or activity level of their life. It is important to carefully monitor energy levels to ensure that under or over-feeding does not occur.

	UNDER WEIGHT (POOR DOER)	GOOD CONDITION	OVER WEIGHT (GOOD DOER)
Sport Horse light exercise	Coolade and Equi-Jewel	Coolade or Horse & Pony or Low GI Sport	Equine Balancer
Sport Horse moderate exercise	Low GI Sport and Equi-Jewel or Sweetfeed and Equi-Jewel	Low GI Sport or Sweetfeed	Equine Balancer
Sport Horse heavy exercise	Low GI Sport and Equi-Jewel or Race 13 and Equi-Jewel	Low GI Sport or Sweetfeed	Equine Balancer and grain
Senior Horse	Coolade and Equi-Jewel	Coolade	Equine Balancer
Starch & Sugar Sensitive	Low GI Sport and Equi-Jewel	Low GI Sport or Equine Balancer and Equi-Jewel	Equine Balancer

NRM & Kentucky Equine Research

Kentucky Equine Research (KER) works closely with an international network of horse feed manufacturers dedicated to the advancement of equine nutrition and exercise physiology to produce healthier, more athletic horses. Using advice from KER, NRM feeds are formulated to incorporate the very latest advances in equine nutrition. The combination of NRM's long-standing role as a leader in the New Zealand feed industry and KER's technical expertise in the field of equine nutrition makes NRM feeds some of the most scientifically advanced available in the local market.
