

# Assett | Textured Feed

## Complete feed for young growing horses

Suitable for horses from 6 months of age.

NRM Assett is a well balanced, palatable, highly nutritious feed intended for weanlings and yearlings. It is designed to achieve optimum growth rates and top condition in young horses for ongoing peak performance. Containing steam flaked grains for increased digestibility and a full vitamin and mineral profile to ensure all nutrient needs are met.

### Feeding Rates

TYPE OF HORSE	FEED PER DAY
Weanlings	2 - 4kg plus quality hay and pasture ad-lib
Yearlings	3 - 5kg plus quality hay and pasture ad-lib

Horses less than 6 months should be fed NRM Prepare.

### Key Benefits & Features

- Highly palatable - ideal for fussy eaters.
- Steam flaked grains for increased digestibility.
- Includes a full vitamin and mineral profile.
- Contains natural vitamin E which has superior bioavailability compared to synthetic sources.

### Feeding Recommendation

The quantity of Assett required will depend on the horse's current body condition, growth rate and the quality and quantity of pasture. Always provide at least 1.5% of the horse's body weight in good quality forage (pasture, hay, chaff) per day. Always allow free access to fresh, clean water.

## Feed To Perform

### Typical Analysis

(approximate on an as fed basis)

Crude Protein 12%

Fat 5%

Fibre (NDF) 20%

Moisture 12.5%

Digestible Energy 12MJ/kg

### Nutrient Composition per 1kg of NRM Assett (as fed basis)

Crude Protein	120g	Iron	200mg
Lysine	5g	Iodine	1mg
Methionine	2g	Cobalt	0.3mg
Calcium	8g	Vit A	4,000IU
Phosphorus	5g	Vit E	55IU
Magnesium	2g	Vit D	1,000IU
Sodium	4g	Vit K	0.7mg
Potassium	10g	Vit B1 (Thiamine)	4mg
Chloride	9g	Vit B2 (Riboflavin)	3mg
Zinc	100mg	Vit B6 (Pyridoxine)	0.7mg
Copper	40mg	Vit B7 (Biotin)	9mcg
Selenium	0.5mg	Vit B9 (Folic acid)	1mg
Manganese	75mg

## NRM Stud & Breeding Horse Feed Range

A range of feeds providing essential ingredients for your horse's well-being.

Developed in partnership with Kentucky Equine Research (KER) and proudly manufactured in New Zealand, NRM feeds are unique blends of nutrients and quality products to optimise the health and performance of your horse.

There is an NRM feed to match the diverse needs of horses through every stage or activity level of their life. It is important to carefully monitor energy levels to ensure that under or over feeding does not occur.

## Feed To Perform

## NRM & Kentucky Equine Research

Perfect partners in the specialised field of equine nutrition. Kentucky Equine Research (KER) works closely with an international network of horse feed manufacturers dedicated to the advancement of equine nutrition and exercise physiology to produce healthier, more athletic horses. NRM is the exclusive KER brand alliance partner in New Zealand. Using advice from KER, NRM feeds are formulated to incorporate the very latest advances in equine nutrition.

The combination of NRM's in-depth knowledge of New Zealand horses and conditions and KER's advanced research in the field of equine nutrition makes NRM feeds some of the most scientifically advanced available in the local market. NRM formulate nutritionally balanced, state-of-the-art feeds for horses in all stages of life, and involved in all disciplines.
