

# Horse & Pony

## Pellets

Balanced essential nutrition for horses and ponies in light to moderate work

NRM Horse & Pony Pellets are designed to provide cool energy with balanced nutrition to horses and ponies in light to moderate work.

### KEY BENEFITS AND FEATURES

- Formulated to provide all essential vitamins and minerals, including additional magnesium for improved neuromuscular support.
- Vegetable oils promote a healthy coat. Pelleted formula ensures every mouthful provides balanced nutrition and reduces sifting.
- Natural vitamin E, which has superior bioavailability compared to synthetic sources.

### TYPICAL ANALYSIS (APPROXIMATE ON AN AS FED BASIS)

Crude Protein	12%
Fat	2.5%

### FEEDING RECOMMENDATIONS

NRM Horse & Pony can be fed alone or combined with a suitable fibre source. Adjust intake according to needs based on breed, body weight, body condition, work load and available forage. If NRM Horse & Pony is not the best feeding solution for your horse, we recommend NRM Coolade® or NRM Low GI Sport® as appropriate alternatives. Always provide at least 1.5% of the horse's body weight in good quality forage (pasture, hay, chaff, fibre products) per day. Always allow free access to fresh clean water.

Weight of horse	300kg	400kg	500kg
Maintenance and Light Work	1 - 2kg	2 - 2.5kg	3 - 3.5kg
Moderate Work	2 - 3kg	2.5 - 4kg	3.5 - 5kg

### INGREDIENTS

Grain and grain co-products, vegetable protein meal, molasses, minerals and salts, KER vitamin and mineral pre-mix, vegetable oil, mould inhibitor, apple flavour.

### STORAGE

Ensure product is stored in a cool, dry and vermin free environment.

### RECYCLE ME

NRM bags with the Recycle Me logo use 25% less plastic per bag compared to previous versions, giving them a lower carbon footprint and enable their recyclability through Agrecovery.
