

Pullet Grower Pellets

A balanced feed designed for growing pullets or mature birds not in lay

NRM Pullet Grower is a complete feed formulated to provide a balanced source of nutrients for young pullets. NRM Pullet Grower can also be fed to mature birds not in lay to provide a balanced source of nutrients without the risk of excessive weight gain. Plant extracts and organic acids are included to support gut health and bird well being.

KEY BENEFITS AND FEATURES

NRM Pullet Grower contains:

- Grains balanced with proteins to meet the specific amino acid requirements of growing and not-in-lay birds.
- Major minerals, trace elements and vitamins formulated to support growth and health rather than egg production which requires higher calcium levels.
- Additives including plant extracts to support gut health and feed utilisation.

For more information about poultry and NRM options please use the QR code below.

Product available in 10kg or 20kg.

BALANCED AMINO ACIDS

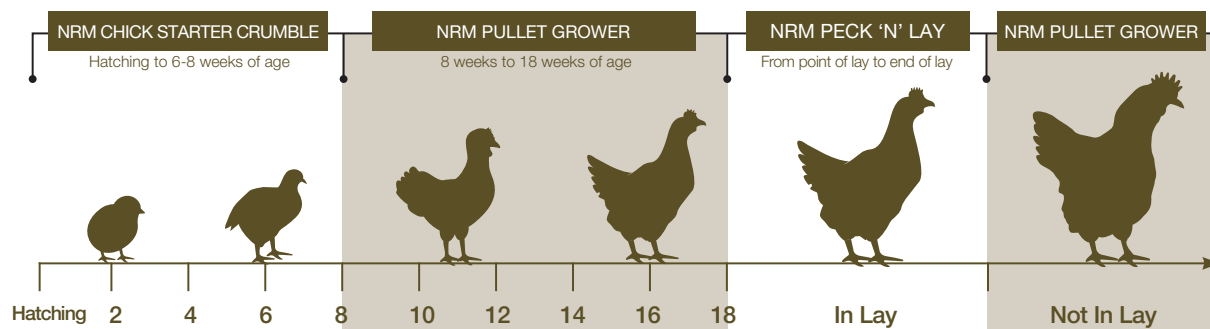

CALCIUM & PHOSPHORUS

CONTAINS ESSENTIAL OILS

SUITABLE FOR GROWING AND NON-LAYING BIRDS

NRM Pullet Grower should be fed ad lib from 6 to 8 weeks of age until point of lay.

Approximate weeks depending on breed and season

FEEDING RECOMMENDATIONS

Layer pullets

Feed to appetite from 6 to 8 weeks of age until point of lay.

Mature birds not in lay

Feed to appetite.

Specialist feeds are recommended for broiler, waterfowl and game birds.

Always ensure birds have access to clean, fresh drinking water.

TYPICAL ANALYSIS

Nutrient	As Fed Basis	Dry Matter Basis
Dry Matter %	88	100
Crude Protein %	16.5	18.7
Available Lysine g/kg	7.2	8.1

Variations in nutritional values may occur due to natural variability in feed ingredients. Our FeedSafe NZ certified sites have well developed systems to minimise any variation from the typical levels shown.

INGREDIENTS SELECTED FROM

Grain and grain by-products, plant proteins, vegetable oils, enzymes, amino acids, limestone, mono or di-calcium phosphate, salt, sodium bicarbonate, vitamins and trace minerals, organic acids and plant extracts.

May contain or be sourced from genetically modified source crops.

STORAGE

Store in a cool, dry and vermin free environment out of direct sunlight.

Do not feed pellets which have become wet and moulded.

DO NOT FEED TO ANIMALS OTHER THAN THOSE STIPULATED ON THIS LABEL

From 2024 any bags with the Recycle Me logo are made from woven polypropylene that:

- Provide excellent protection against moisture and pests compared to paper alternatives
- Are strong and can be re-used for a multitude of purposes on-farm
- Use 25% less plastic than our previous bags which means less resources are used in their production and transport
- Are recyclable through Agrecovery
