## Textured Feed

High energy feed for performance horses in moderate to heavy work

NRM Sweetfeed™ is a highly palatable textured feed, designed to meet the needs of race horses and sport horses in moderate to heavy work. The inclusion of steam flaked grain and vegetable oil meet the energy demands of increased workloads. NRM Sweetfeed™ contains a premium blend of vitamins and minerals, perfectly balanced for performance horses.

### KEY BENEFITS AND FEATURES

- Oat free, giving the flexibility to add your own oats or use as an oat free feed.
- Added linseed to increase omega 3 fatty acid level, enhancing coat condition and general health.
- Fortified with balanced levels of all the essential nutrients required for optimum performance.
- Contains bioavailable organic trace minerals and natural vitamin E, which has superior bioavailability compared to synthetic sources.

### FEEDING RECOMMENDATIONS

NRM Sweetfeed™ can be fed alone or combined with a suitable fibre source. Adjust intake according to needs based on breed, body weight, body condition, workload and available forage. If NRM Sweetfeed™ is not the best feeding solution for your horse, we recommend NRM Ultimate Sport or NRM Low GI Sport® as appropriate alternatives. Always provide at least 1.5% of the horse's body weight in good quality forage (pasture, hay, chaff) per day. Always allow free access to fresh clean water.

Weight of horse	400kg	500kg	600kg
